Consumer's Critical Illness

INSURANCE

If you learned that you were suffering a serious illness, wouldn't you feel better if you also learned that your monthly mortgage has been paid?

Why? Because you can access tax-free cash sufficient to pay the mortgage, or all your other bills for 12, 18 or 24 months, while you recover.

THE HARSH REALITY*

- 1 in 3 people will be diagnosed with cancer in their lifetime and of these 60% will survive for at least 5 years.
- 1 in 4 people will suffer heart disease in their lifetime. 95% will survive their first heart attack.
- 25% of repossessed homes are a result of borrowers who default on their mortgage payments because of illness.

Consumer's
Critical Illness

Term 10 – Term 20

For a woman, non-smoker, age 35, \$50,000 of coverage would cost 83 cents per day for Term 20. Enough to pay her mortgage and utility bills for at least 12 months.

For a man, non-smoker, age 35, the cost would be 84 cents per day.
